

Swallow Cellar

Swallow Cellar's family of wines grown and produced in Oregon includes Chardonnay, Pinot Gris, Gewürztraminer, Riesling and Pinot Noir. Our efforts start in the vineyard with over thirty years of planting and tending vineyards in Oregon. As winegrowers, we respect the nature of the fruit that we work so hard to grow in our vineyards, and our winemaking goals mirror these beliefs. We strive to produce wines that showcase pure, delicate fruit flavors, good concentration, and exceptional balance. Simple attention to detail, good, honest winemaking and respecting the humble beginnings of the grape are our guiding principles. "Distinctive wines at a price you can swallow" also means that we aim to put an affordable bottle of wine on your table for everyday enjoyment.

2010 Pinot Noir

Teasingly aromatic scents of raspberries, strawberries and cedar incense telegraph that the wine is delicate in nature. A feminine wine from the start, we've been judicious in selecting barrels to age it in, no new barrels, just well seasoned wood that allows the floral and spice attributes to shine through. A pretty Pinot Noir. Try with grilled or poached salmon, pork tenderloin or roast, or simply with your favorite cheeses.
