

Swallow Cellar

Swallow Cellar's family of wines grown and produced in Oregon includes Chardonnay, Pinot Gris, Gewürztraminer, Riesling and Pinot Noir. Our efforts start in the vineyard with over thirty years of planting and tending vineyards in Oregon. As winegrowers, we respect the nature of the fruit that we work so hard to grow in our vineyards, and our winemaking goals mirror these beliefs. We strive to produce wines that showcase pure, delicate fruit flavors, moderate concentration, subtle intensity and good balance. Simple attention to detail, good, honest winemaking and respecting the humble beginnings of the grape are our guiding principles. "Distinctive wines at a price you can swallow" also means that we aim to put an affordable bottle of wine on your table for everyday enjoyment.

2012 Gewürztraminer

The Germans call it spicy, we say wow! A glass filled with pungent aromas of citrus blossom, mangoes, pineapples and Asian spices also delivers a big dollop of fruit flavors. Perhaps a bit more intense than our goal of providing delicate, subtle flavors, what the heck, it's Gewürztraminer and we can't help it if it's a little over the top in intensity. Finished in an off-dry style that seems neither dry nor sweet. Enjoyable as a simple sipper, it can also stand up to full flavored and spicy fare.
