

Swallow Cellar

Swallow Cellar's family of wines grown and produced in Oregon includes Chardonnay, Pinot Gris, Gewürztraminer, Riesling and Pinot Noir. Our efforts start in the vineyard with over thirty years of planting and tending vineyards in Oregon. As winegrowers, we respect the nature of the fruit that we work so hard to grow in our vineyards, and our winemaking goals mirror these beliefs. We strive to produce wines that showcase pure, delicate fruit flavors, good concentration, and exceptional balance. Simple attention to detail, good, honest winemaking and respecting the humble beginnings of the grape are our guiding principles. "Distinctive wines at a price you can swallow" also means that we aim to put an affordable bottle of wine on your table for everyday enjoyment.

2012 Riesling

Our 2009 Riesling is a lighthearted and versatile wine that will enhance a wide range of foods. Finishing just off-dry, it has a particular affinity for slightly salty dishes such as ham, smoked salmon or the traditional Alsatian pairing of onion and bacon tarts. Its floral and stone fruit aromatics and gently refreshing mouth feel also make it one of our favorite wines to toss into a basket with some fruit and cheese and spend a afternoon by the river.
